Support recovery through our
Bell of Hope Campaign

**We are here to help
there is hope.**

*Our mission is: to strengthen resilience
and recovery in our communities with
mental health and substance use
education, prevention, advocacy and
supportive services.*

"We live in a world in
which we need to share
responsibility. It's easy to
say "It's not my child, not
my community, not my
world, not my problem."
Then there are those who
see the need and respond.
I consider those people
my heroes."
—Fred Rogers

Mental Health America of Southwestern PA
Support Recovery through the Bell of Hope Campaign***

Our mission: to strengthen resilience and recovery in our communities with mental health and substance use education, prevention, advocacy and supportive services.

The bell image in our logo is a graphic representation of the Mental Health America Bell. The Bell was forged in 1953 as a sign of hope, from the iron chains and shackles that bound people in mental asylums. It serves as a powerful reminder of the past and the progress made. The inscription on the MHA Bell reads: "Cast from the shackles which bound them, this bell shall ring out hope for the mentally ill and victory over mental illness."

BOH-3/2020

Mental Health America of Southwestern PA (MHA-SWPA) has worked to fight the stigma associated with mental illness through outreach and educational efforts since 1964.. MHA of Southwestern PA provides educational programs that help individuals learn about mental wellness and substance use as well as explain the challenges of depression, bipolar disorder, other types of mental illness, and those impacted by addiction and suicide loss.

We continue to bring to the forefront key mental health and substance use issues to battle stigma, teach others about mental wellness, and deal better with the tragedies that our communities sometimes face.

MHA-SWPA invites you to support mental wellness and recovery by becoming part of the Bell of Hope Campaign. Together we can foster a lifestyle that advances mental wellness. There can be no health without mental health.
